Give it up to the Angels

2023

I do, i do, i do, do believe
I do, i do, i do, do believe
I do, i do, i do, do believe

I don´t know
I feel powerless as a broken heart
I don´t know
Starting from zero is always hard

I do, i do, i do, do believe

Give it up
Give it up to the angels
If you believe, if you believe in them
They will come with the answers

I don´t know
There so many ways you can enter this
I don´t know
This is a moment of mystery

I do, i do, i do, do believe

I do, i do, i do, do believe

Give it up
Give it up to the angels
If you believe, if you believe in them
They will come with the answers

I don´t know
But un open mind is an open door
I don´t know
Now I can see what I'm looking for

I do, i do, i do, do believe

I do, i do, i do, do believe

Give it up
Give it up to the angels
If you believe, if you believe in them
They will come with the answers

if the time is right, if the time is right
Give it up to the angels
If you believe in them, if you believe in them
They will come with the answers

Give it up
Give it up to the angels
If you believe
They will come with the answers

if the time is right, if the time is right
Give it up to the angels
If you believe in them, if you believe in them
They will come with the answers

I do, i do, i do, do believe
I do, i do, i do, do believe
